

I have just examined the list of significantly viewed stations for all counties in MS. This list appears to show all significantly viewed stations both inside and outside the Nielsen market for each county in question.

Given this, I would expect to at least see every full power commercial TV station appear in this list in their own home county. The following full power commercial stations in Mississippi do not appear anywhere in the list. It appears that they have been omitted by accident.

WUFX	FOX35	Vicksburg/Jackson, MS
WKDH	ABC45	Houston/Tupelo/Columbus, MS
WMDN	CBS24	Meridian, MS
WGBC	NBC30	Meridian, MS
WNTZ	FOX48	Natchez, MS
